

BTMAG

THREE-TRACK MOBILE MSR READER

The BTMag is a secure magnetic stripe reader that communicates with PC's, terminals or mobile devices through their Bluetooth interface and Android ios connection. The BTMag can read a variety of magnetic media, including credit cards, signature debit cards, gift cards, and loyalty cards. The BTMag utilizes ID TECH's proven MagStripe reading technology, providing bidirectional card reading of up to three tracks of information. It secures the information with TDES or AES encryption using DUKPT key management, protecting the data at the point of swipe.
