Dear ID Tech,

Congratulations! We're happy to let you know that your contactless reader product meets Google's Smart Tap 2.1 certification requirements.

Certified devices

Hardware model number(s)	VP3300, Kiosk IV, Kiosk V, VP7200, VP3350, VP6825
Application software version	SmartTap 2.1, v1.2

Approved Smart Tap 2.1 actions

VAS Only	Yes
VAS with payment	Yes

This approval indicates that your product meets Google's security and operational standards. Please note that Google can revoke approval at any time and that this approval does not guarantee your product's functionality or provide warranty against defects. It is your responsibility to ensure that all merchant requirements are met.

Sincerely,
