PAE
PAYMENT APPLICATION ENGINE
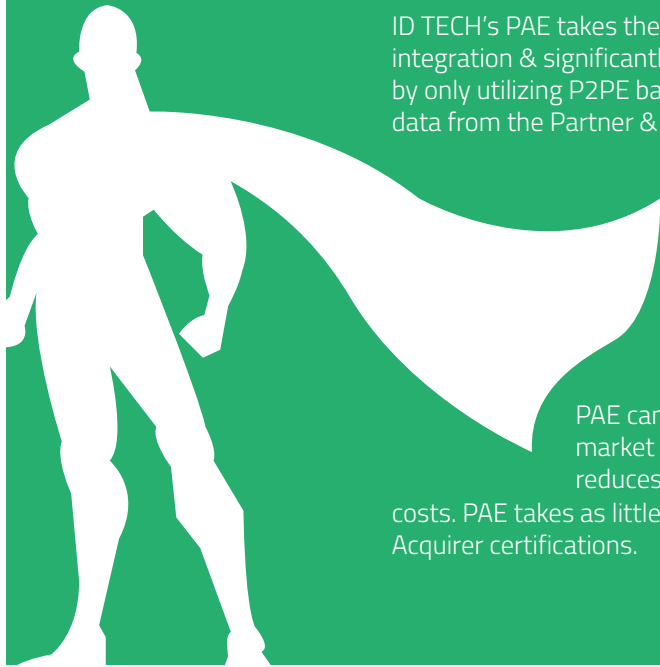

ID TECH
Value through Innovation

WHAT IS PAE?

THE SOLUTION TO YOUR PAYMENT WOES.

ID TECH's PAE takes the burden of all PCI scope of the integration & significantly reduces the scope of the Merchant by only utilizing P2PE based devices, removing any cardholder data from the Partner & Merchant environments.

PAE DOES THE HEAVY LIFTING FOR YOU.

PAE can save you 12 to 18 months of time to market & up to $250K worth of expenses & reduces tens of thousands of maintenance costs. PAE takes as little as 10 weeks & includes EMV & Acquirer certifications.

PAE PROVIDES RELIEF.

FOR PARTNERS

- No PA-DSS software certification requirements for the partner

- All receipts & transactional data is still shared with POS to manage transactions

FOR MERCHANTS

- Eliminates Merchants maintaining annual PCI validation (SAQ) or paying penalties to Acquirer of up to $75 per month

- With P2PE over 70% of questions are simply answered N/A on standard SAQ

- With validated P2PE the questionnaire is simply 15 questions asking for retail location & what validated P2PE solution is used

PAE HANDLES ALL OF THE PAYMENT PIECES.

- Complex processor integrations
- PCI compliance
- Payment industry certifications
- Payment security
- Annual compliance & maintenance

PAE HANDLES ALL OF THE CERTIFICATION HASSLES.

- Save 3 to 4 months of integration to an Acquirer

- Save 9 to 12 months on EMV Certifications

- No need to buy or lease special tools for EMV Certfications

- No need to update integrations (2x a year) due to new standards
