

SPECTRUM AIR

IP 65 RATED DUAL HEADED MAGNETIC STRIPE INSERT READER

The Spectrum Air dual headed MagStripe insert reader has been developed for applications requiring (IP 65) sealed readers that are designed to withstand the rigors of an outdoor environment. The Spectrum Air's superior sealed chassis design prevents the ingress of water, vapor and other contaminants into the main terminal enclosure. The Spectrum Air is ideal for gas pumps and outdoor kiosk applications. Cards are read on both insertion and/or withdrawal for superior reading reliability. Multiple interfaces allow the reader to be configured for "drop in replacement" applications when required.

SPECTRUM AIR SPECS

INTERFACE	RS232 Serial, USB-CDC (virtual COM), USB-HID, USB-HID-KB, and Keyboard Wedge (PS/2)
POWER	+5 VDC/55mA (power adapter regulated 5 VDC/250mA or equivalent)
OPERATING TEMPS	-20°C to 70°C, non-freezing on mechanical components
STORAGE TEMPS	-40°C to 70°C
WARRANTY	One year, parts and labor
HUMIDITY	10% to 90% non-condensing
MEDIA FORMAT	ISO 7810 ID-1 card, ISO 7811, AAMVA Driver License format
DIMENSIONS	120mm x 92mm x 48mm
MEDIA THICKNESS	0.76mm (tolerance +/- 0.08mm)
