

# UNIPAY 1.5

## 2 - IN - 1 EMV READER

ID TECH's UniPay 1.5 is one of the latest additions to the audio jack family of mobile card readers. The UniPay 1.5 incorporates a chip card slot for contact EMV card reading. This device provides reliable magnetic stripe decoding and is a proven versatile, compact mobile reader. Its small form factor and audio jack interface is ideal for most tablet and mobile phone applications. UniPay 1.5 was designed to minimize power consumption to preserve battery life. It also communicates and charges via USB.

# COMMON KERNEL, UNCOMMONLY SIMPLE.

UniPay 1.5 is the 2-in-1 MagStripe and EMV Contact reader. Ask us how our common kernel can speed up your time to market and save you costly L3 approvals!
